March 2006 Update

Pastor Raj (far left) pictured with the JJM team of volunteer evangelists. Please pray for them as they spread the Gospel in the Hindu state of Andhra Pradesh, India.

Pastor Raj with a poor and needy family from his village. We purchased a Buffalo at the end of 2005 to produce fresh milk for our orphans each day. We will be purchasing another Buffalo when we are able - to help this family become totally self-sufficient by selling the milk from the second Buffalo.

This is the orphanage Solomon is renting now. There is not enough room for the children, so some of them sleep out on this porch. The blankets are up to keep them warm. We are now praying for our own orphanage!

This is Sister Kalpana. She is a young lady from Solomon's home village. She made top marks in secondary school and prayed for a way to study nursing. We prayed about this need and the Lord led us to send her to nursing school. In three years she will be finished and perhaps we will hire her to be the nurse for our orphanage. The Lord is SO good! Pray for her.

November 1, 2005 was the official one year anniversary of the JJM Orphanage - which also happens to be Kristin's birthday. Above - our orphans and widows gather with Solomon's family, JJM evangelists and some town folks to celebrate the 1st anniversary. Below Suresh (one of our orphans) gives testimony to what the Lord has done in his life over the past year. Thank you for all your support and prayers - we are making a difference!

March 2006 Update (p.2)

Pastor Raj at the JJM Christmas party with some of our orphans (far left). Raj hands out new clothes to widows (center). Pastor Raj and the JJM team shared the Gospel with children from the village of Golla Mandala Thanda and fed them fried rice as a treat on New Year's Day. Pray for the salvation of these young ones and their families.

Our four beautiful orphan girls in their new dresses! Left to right: Suraamba, Amala, Joy and Chandra Kala.

Our newest addition! Venkata is a 10 year old girl that Solomon found sleeping in Hindu temples and the streets at night. Pray for her! Above is a picture of tracts ready for distribution. Thanks to Lynne and Judy Fegley who had them donated!

Pastor Solomon Raj's wife Prameela leads a women's Bible Study and prayer group - she is pictured in the middle facing us! Please pray for her as she continues to reach women for Jesus. This is a difficult task as most people are Hindu and women are considered to be second-class citizens. It is bold for these women to gather together under these circumstances. What a witness they are in the midst of darkness.

New converts obey in baptism. More people come to Christ each day. Three elderly people thanking us for their new clothing! Praise God!
